Responses to EPA 4-24-15 comments on 4-20-15 version of Phase 1D WP.PDF

All,

The revised Phase 1D addendum is attached along with RP's comment responses to our last comments sent in my 4/24/15 email. They have also responded in another email (to Shawn Muenks and me) regarding MDNR's restated comment from last week and request for figures. The comment responses appear to be adequate and incorporated in the enclosed revised work plan addendum. Please review and we can discuss tomorrow.

Thanks,
